Your 14 keys to Greater Earnings VOL. I

1.) **Consultation** — Why you must give importance to every consultation. (You will be highly motivated for every consultation after listening to this tape.) New and different questions to ask the patient. The patient will love you after the consultation.

2.) **Examination** — Complete neurological and orthopedic examination you can do in fifteen minutes complete, forms to follow.

3.) **Report of Finding** — Complete outline what to say to motivate patient, to get patient to refer immediately and to relate reasons for complete care—100% effective.

4.) **Case Study** — A form no one else is using — will increase your practice efficiency and income 300% the first month. It automatically tells you when to re-X-ray re-examine, etc. (Fabulous)

5.) **Continuing Visit Communication** — What to say to the patient on each visit. (Unbelievable results)

6.) **Master Diagnosis Sheet** — Insurance reporting made easy. Just put down a number off of master sheet and insurance diagnosis is done and can be written up by your secretary. (Will save you 10 hours a week)

7.) **Business Side of Practice** — Forms, records, goals — a must. Know what your practice is doing and more important where it is headed. New patients, patient visits, amount per visit, amount per patient forms and how to use them. A weekly and monthly review of your practice.

VOL. II

8.) **Narrative Report** — Made easy. A multiple choice form and how to use it. Write a complete concise report in 15 minutes.

9.) **Self Motivation** — Light a fire under your practice. Learn the secret of self motivation and what to do about personal enthusiasm.

10.) **Patient Payment Procedures and Collections** — How to have the patient not pay and still collect 100%. A new program that will increase patient visits, new patients and at the same time increase collections. Multiple fee schedule.

11.) **Pre-Report Tape** — Patient will keep all appointments after listening to this tape played prior to your report of findings to the patient. (A must in every practice)

12.) **Associate Doctor** — How, when, where to hire. How to pay. Contracts to sign. Do you really need another doctor? How to determine if and when you do. Sample forms of control and pay schedules.

13.) **How to Borrow Money** — Investing your income. Preparations of financial statement. How to talk to brokers. Doctor's greatest asset — investment and leverage. You don't need cash. How to stop paying income tax completely and legally.

14.) **Actual Transcript** of deposition and copy of questions attorneys ask and doctor's answer.

Just study at home these 14 proven ways to increase your practice efficiently, increase patient visits, more new patients and more income.
